

AMERICAN LINER SINKS SUB IN DESPERATE DUEL

(International News Service.)

Washington, June 6.—An American armed merchant liner, following a fight lasting for an hour and a half has sunk one of the latest types of German submarines.

The identity of the steamer and the place of the engagement is withheld for the present, but not since ruthless warfare was declared has a more thrilling story of a naval encounter come over the cables to the navy department.

The American vessel was manned by a naval gun crew which composed the pick of the service. Instead of avoiding an engagement, the American craft waited until the submarine came within range. Then the two vessels fought for more than an hour and a half. The submarine fired 35 shots and the steamer 25. When the last shot was fired the German vessel, after seemingly standing stern up above the water, sank from sight.

Official circles are all jubilant over the victory.

Although information as to the vessel was withheld, it was stated that it was not the Mongolia.

MORE THAN 3,000 MEN OF MORGAN ELIGIBLE FOR ARMY

With Four Precincts Out, Total Estimated At 3,158

ALBANY 742; DECATUR 550; TOTAL 1,292

Government's Estimate Will be in Twenty-Five of Final Figures

At 2 o'clock today the registrations in Morgan county had reached a total of 2,958, with four precincts yet to report.

Of this number, Albany furnished 742 and Decatur 550, making a total for the two towns of 1,292.

Lacy Springs, Wolf's, Ryan's X Roads and Shady Grove have not been heard from today, but it was estimated that these boxes combined will register 200, swelling the total for the county to 3,158.

TULSA GETS NEXT REUNION, VETS SORE AT CAPITAL

(International News Service.)

Washington, June 6.—Indications were today that Tulsa, Oklahoma, will secure the next Confederate reunion.

One thing is certain—another reunion will never be held in Washington.

The event thus far has been a disappointment to all except the wealthy class.

The veterans are loud in their condemnation of local arrangements. Ten thousand were expected and 50,000 came. The hotels are crowded with wealthy persons, many of them seekers for war contracts, while the veterans walk the streets without lodging.

No sandwiches were served, nor were any of the courtesies usually extended by a reunion city shown.

KANSAS TORNADOES KILL 10; RUIN CROPS

(International News Service.)

Kansas City, Mo., June 6.—Ten persons were killed and many growing crops destroyed by tornadoes and heavy rains that swept throughout Missouri and Kansas last night.

CHANCES OF BEING CONSCRIPTED ARE ABOUT EIGHTEEN TO ONE

The Morgan county man who is between the ages of 21 and 31 years has one chance in eighteen of being drafted into the army on the first call. This call provides for 500,000 men for army service, and of this number Alabama will furnish slightly over 11,000 and Morgan county about 177. The latter figures are based on estimates made by the Daily, and are not

official. Figuring from yesterday's total registration in the county, it is easy to arrive at the conclusion that the draft ratio has a near free silver tinge.

Of those who registered, possibly one-half are exempt for various reasons. This makes it a nine to one shot that the man who is not exempt will be called.

ANOTHER REGISTRATION DAY TO BE NAMED

EMPRESS OF ABYSSINIA FORMALLY CROWNED

Zeoditon, a mere slip of a girl who, it is said, can trace her ancestry back to the queen of Sheba who visited Solomon, has been formally crowned empress of Abyssinia. The illustration shows Zeoditon on her throne, and, in the background, the main street in Adis Ababa, her capital, on coronation day.

BUSINESS DISTRICT OF ALBANY TO BE DRAINED BY A NEW SEWER; COST \$4,000

CITY COUNCIL PASSES IMPORTANT ORDINANCE AT SEMI-MONTHLY MEETING TUESDAY NIGHT.

THREE MONTHS TO BUILD

NEW SYSTEM WILL RELIEVE THE SITUATION IN MANUFACTURING AND BUSINESS SECTION ABUTTING ON LEE STREET.

The Albany city council last night voted to build a new sewer in the northern part of the business district near the industrial plants and business houses along Lee street.

The city has been considering the building of this sewer for some years and the business interests have been behind the movement.

The sewer will cost about \$4,000 and at least three months will be required to build it.

The aldermen debated the proposed sewer at some length and the matter was argued from every angle. The wishes of the hundreds of business men whose property the sewer will drain prevailed, however, and the ordinance authorizing the building of the sewer was passed.

Must Pay City Fines.

Mayor Payne made a short talk to the council announcing that he does not favor the present system in vogue of allowing defendants who are found guilty in the city court to pay their fines in installments and after a long period of time. The mayor announced that hereafter he would insist that such persons either pay their fines at once or proceed to work out their sentences on the city streets.

The remainder of the meeting was given over to the consideration of routine business. The council will meet again on June 19.

Johnson Is Elected Worshipful Master

Chas. H. Johnson was elected worshipful master of Albany Lodge, No. 491, A. F. and A. M., at the regular election held this week.

Other officers chosen by the lodge were: A. H. Kelley, senior warden; Jas. I. Chrissinger, junior warden; E. E. Graves, treasurer; C. McMillan, secretary; Fred Sittason, senior deacon; C. L. Saunders, junior deacon; George W. Young, tyler. The senior and junior stewards will be appointed by the worshipful master prior to the installation.

ANARCHY SPREADS IN RUSSIA; WAR MINISTER RETURNS

(International News Service.)

London, June 6.—Anarchy is spreading in Russia. Disorders were reported from numerous districts today. The turbulence in Petrograd resulting from the establishment of a separate government at Kronstadt was responsible for the hasty return of War Minister Kerensky from the front.

M. Kerensky is now regarded as the man of the hour and is making heroic efforts to establish order, but it is predicted, that "there will be much bloodshed before the passive anarchy can be overcome."

The chaotic economic conditions have resulted in the resignation of Minister of Commerce Konovloff, and it is believed in some quarters that soon the cabinet will consist wholly of socialists.

The military expert of the Times declared today that the revolution in Russia has wrecked the 1917 campaign of the allies. It had been planned to undertake powerful offensive against the central powers on every front.

Indians Sulk And Refuse To Register

(International News Service.)

Innacia, Colo., June 6.—Federal agents today were preparing to take steps to punish the Ute Indians who remained on their reservation here throughout yesterday attired in war paint and performing war dances and refusing to register.

OFFICERS DRIVEN AWAY.

Flagstaff, Ariz., June 6.—Registration officers who called at the Navajo Indian reservation to enlist the redskins of draft age were driven from the camp yesterday, they announced on returning here today.

Four Air Craft Destroyed When London Attacked

London, June 6.—Four of the German aeroplanes which attempted a raid on London were shot down by British airmen, who repelled the attackers before they reached this city, the admiralty announced today.

Destruction of two airmen was announced in a night statement, and it was announced today that two others as they flew back to their base.

\$52,300 LIBERTY LOAN BONDS SOLD ALREADY IN TWIN CITIES BY BANKS

MORGAN COUNTY IS EXPECTED TO TAKE QUARTER OF MILLION DOLLARS WORTH BEFORE ISSUE IS WITHDRAWN.

CAMPAIGN IS JUST STARTING

CITY NATIONAL, MORGAN COUNTY NATIONAL, CENTRAL NATIONAL AND TENN. VALLEY BANKS GIVE THEIR FIGURES.

The six banks of Morgan county have begun to do their bit toward winning the war for the United States. Up to noon today four of the Twin Cities' banks had disposed of more than \$50,000 of Liberty Loan bonds. The campaign for the sale of the bonds has just started and it is expected that Morgan county will buy at least a quarter of a million dollars worth of bonds before the issue is taken off the market.

The amounts sold by the four local banks are as follows:

City National Bank, Decatur	\$35,000
Morgan Co. National, Albany	12,000
Central National, Albany	5,000
Tenn. Valley Bank, Decatur	300
Total	\$52,300

Figures from Hartselle were not available today, but it is known that the two Hartselle banks have been boosting the Liberty Loan bonds enthusiastically.

It is explained that the subscriptions of the local banks and their customers to the Liberty Loan have just started and more may be expected. The management of the Tennessee Valley Bank explained that it had many more customers for the bonds in sight. The Daily will announce additional sales of Liberty Loan bonds from time to time.

It is expected that a quarter of a million dollars worth of Liberty Loan bonds will be sold in Morgan county when the complete returns are all in from individuals, postoffices and banks. Several large local corporations are also expected to purchase Liberty Loan bonds. The L. & N. railroad has already purchased \$1,000,000 worth of the bonds.

NEW YORK CITY SLACKS.

(International News Service.)

New York, June 6.—Greater New York today with eleven districts missing, the total count lacked 100,000 of the estimated quota of men for military service.

NEARLY 11,000,000 MEN REGISTER FOR MILITARY SERVICE

Totals Exceed Even the Most Optimistic Predictions By Officials.

FINAL FIGURES IN NEXT FEW DAYS

General Drive To Recruit Regular Army To War Strength Is Begun

HOW YOUNG AMERICA RESPONDED TO COUNTRY'S CALL.

Registration for military service exceeded all estimates. More men appeared in many sections of the country than had been provided for by the authorities. In thousands of instances men over 31 appeared and attempted to register. Peace prevailed in every state of the union. No organized effort against registration was uncovered. Enrollment was so heavy at some points that the work was not completed until early today. Claims for exemption were in the minority. Response to registration was especially heavy in foreign centers. Volunteer enlistments all over the country continue large.

(International News Service.)

Washington, June 6.—Provost Marshal General Crowder today officially confirmed the statement that a most liberal construction was placed on the registration laws.

Persons who for any reason were unable to register yesterday will be given another opportunity. The provost marshal notified all governors that if it is found that the government's policy of liberality is being abused more stringent measures will be taken.

(BY JOHN EDWIN NEVIN.)

(International News Service.)

Washington, June 6.—Gratified beyond measure at the great success of the war registration, Provost Marshal General Enoch H. Crowder got down today to the serious business of compiling the actual figures. His office was deluged with enthusiastic messages from every state governor.

All reported that more than 99 per

cent of the total strength of their states had enrolled. Definite figures are coming in very slowly. The war department believed that the complete total would be between 10,500,000 and 10,750,000 when all figures are in, but it may be between three and four days before complete reports, all are available, although tentative figures by states will be ready before the day is out. Even the complete figures first reported are certain to be changed.

As soon as the complete reports are received here, General Crowder will take up the question of naming exemption boards and of fixing the date for the drawing of the eligibles to make up the first army. In the meantime a general drive to recruit the regular army and the national guard to complete war strength has been begun. Officials are hopeful that many of the young men who registered yesterday will enroll themselves in these organizations before being drafted, so that the distinct volunteer character of these units shall be preserved. The ports and borders will be watched by the department of justice officials and especial care will be taken of those who failed to register in the hope of slipping out of country before the officers have opportunity to check up the roll with the population.

New York's figures are reported to be 100,000 below expectations. Reports from state governors and United States attorneys, stated that many cities and counties have fallen far behind their quota.

No estimate on the number that have avoided conscription was obtainable this afternoon.

The reports to the United States district attorney at San Francisco said that nearly half the persons who registered yesterday had claimed exemption.

Attorney General Gregory announced that prosecutions of those failing to register would be held up pending the provost marshal general's decision, and the terms "slackers" or "quitters" will not be applied to those failing to register until another chance to register is given.

MANY PATRIOTS STRETCHED AGE TO GET IN ARMY.

(International News Service.)

Chicago, June 6.—"Patriotism lies." Thousands upon thousands of them aided the great middle west in stepping forward and astonishing the nation in the military registration by listing more men than the wildest estimates called for. The government knew almost to a man the number of men of draft age in the country. With

(Continued on Page Four.)

JAPAN MAY HELP COERCE RUSSIA, NOW IS REPORT

(International News Service.)

Washington, June 6.—Information that the United States would be a party to coercion of the Russian government through Japan should it bow to Germany's will and conclude a separate peace, found no confirmation in official circles here today.

The matter, it was stated, has not yet been called to the attention of the United States by Germany's enemies.

However, in diplomatic circles there was an apparent strong belief that Great Britain and Japan are acting in concert, and that Japan, because of her understanding with Russia, is impressing on the provisional government at Petrograd the danger that must follow desertion of the entente at the present time.

GROUND GAINED IN TWO ATTACKS BY THE BRITISH

(International News Service.)

London, June 6.—British attacks at two points on the Arras front last night gained ground at both places.

The war office announced today that progress was made on the western slope of Greenland hill, north of the Scrape river, and a slight advance was scored west of Lens. There was severe bombardment.

GERMANS LAUNCH ATTACKS.

BUT NEITHER IS SUCCESSFUL.

(International News Service.)

Paris, June 6.—The Germans fighting against the French surged to the north of the Aisne river last night. Two powerful attacks were made, but both broke down with enormous losses.

DISCOURAGING NEGRO MIGRATION.

If the railroads of the South encourage the migration of negroes to the north they will make millions of dollars this year off of passenger fares from this source. But will this policy pay in the long run?

This question is best answered by the Southern Railway, which has just issued orders that no further special accommodations for this class of travel be made to the end that it may be discouraged.

The press bureau of the Southern Railway system, Atlanta, sent out the following interesting news story about the matter yesterday:

In the effort to discourage the immigration of negroes from the South which is reported to have such proportions that it is difficult in some localities to secure sufficient negro labor for farm work and other local needs, the management of the Southern Railway System has adopted the policy of taking no action to accommodate this travel in the future. Orders have been issued to discontinue, effective at once, the assembling, holding and using of extra passenger and baggage cars for laborer movements and otherwise to discourage the negro exodus from the South in every legitimate manner.

Representatives of the development and traffic departments have received instructions to devote their energies to the promotion of a campaign to induce the negro to remain in the South, and bankers and business men are being urged to endeavor to find employment of some kind for all surplus negro labor in their communities. Following is the plan suggested for the Southern's representatives to follow in the instructions issued on the subject:

"We should endeavor in each community to have some man make it his special business to interest the negro preachers and have them take strong ground against the people of their race being lured away by promise of higher wages in other sections, pointing out that any advantage that the negro might get by moving away would almost invariably be temporary and that in the long run it will be to his advantage to stay in the South where he is known and where his labor will always be in demand."

AMERICA IS RALLYING TO THE CALL FOR MONEY.

Secretary of the Treasury McAdoo, in a statement today, declared that results in the Liberty Loan campaign thus far have been "immensely gratifying," and that if there was no "let up in the work, success is certain." A statement like this is also "immensely gratifying" to the general public, for it indicates that the nation is finally becoming aroused to the enormity of the task that confronts it. A five billion dollar loan to the American who is accustomed to hearing of fabulous fortunes and who knows that there is lots of money abroad in the land even if he possesses but little of it, sounds like a more or less trifling matter. It is not that sum of money means fifty dollars for every man, woman and child in the entire republic. It means that YOU must buy a bond to do your "bit," and that the average man must buy several bonds of the smaller denominations if the total is to be subscribed entirely by the people. As a matter of course, the bulk of the loan will come from the banks and the big cor-

porations, but even after they have been heavily burdened the public must subscribe to the fullest extent that it can. This is no time to stand back and wait to see if the other fellow will do more than his share. The national credit and the national honor are at stake. To fail to subscribe the full amount of the loan would be to stigmatize this rich nation as prizing money above men, as being for the dollar first and the man last. This should not be. As the boys go into the trenches to face danger and possibly death, their nerves should be steered by the fact that the folks back home, those who for various reasons have not been called to the colors, are given them every possible encouragement and support. It is more humane, more sensible, more patriotic and more effective to fight the Germans with silver and gold than it is with steel and powder.

REGISTRATION WAS THE ANSWER TO HYPHENISM.

Kaiser Bill will probably regret the money that he has spent in an effort to wage a propaganda of anti-Americanism in this land of the free when he receives news of the successful registration of men eligible for conscription. The unanimity with which the nation's man power turned out and recorded itself as ready to fight for democracy against autocracy, and the utter absence of any semblance of disorder, is the final answer to the charge that hyphenism has gained a real foothold in the United States. The tom-toms of the disloyal and the harangues of those pacifists who value peace more than they fear dishonor, were but the din of the "barkers" in the merry crowds, theirs were the few lone voices raised above the hubbub of the throngs. The vast, silent hosts—the real Americans—are determined to back their country with their swords, to offer their lives if necessary to carry the war to a successful conclusion.

The Hohenzollern will gnash his teeth when he learns that his efforts to spread discontent in America have failed. He will tear his hair with rage when he comes to know for once and all that America is not all "bluff." The hearty support of the government as demonstrated yesterday will, with yet cause, mine more furrows in the brow of the imperial German emperor than an ycleverance of the entire war. It means solidarity and concerted purpose upon the part of the one great nation of the world whose strength has not yet been sapped by the drain of continued and titanic conflict.

MORGAN'S MANHOOD RESPONDED TO THE CALL.

The splendid outpouring of the manhood of Morgan county at the polls yesterday is another striking evidence of the patriotism of this section. There were no brass bands, no oratorical outbursts, no pretty girls strewing flowers at the feet of their heroes. All these pleasant attentions were omitted, yet the men of Morgan streamed into the registration booths all day long and patiently stood in line until they could record the fact that they were of military age and eligible for service at the front. It is men of the calibre of these that will bear the American colors in the fighting fields of France. None of them are eager to leave their friends and loved ones, but all of them are ready to make the sacrifices that the nation demands.

THE MONGOLIA'S RECORD.

With ships as with persons, there always stands out in time of war a few of such striking individuality that they engross almost as much of public attention as do whole fleets or great armies. From the days of the "Constitution" down on through those of the "Alabama" the annals of the American navy have been dotted with "hero" vessels that have accomplished unusual exploits. Just as some vessels seem to be marked for failure and misfortune from the day they are launched, others are favored by the fates with one heroic achievement after the other.

Since the German-American war began, the vessel that has stood most boldly in the limelight is not even a unit of the American navy. It is a mere merchantman, carrying a gun crew for defensive purposes only. The ship is the Mongolia, unheard of before it fired, "the shot heard around the world" that sent a German U-boat to the bottom to forever bear mute testimony to the accuracy of the aim of American gunner. Not content with this feat, the Mongolia on a second voyage beat off a submarine that had attacked it in mid-ocean.

The Mongolia, too, through a queer streak of perverse fortune, was responsible for the death of two of its passengers—Red Cross nurses.

American pride glows with the recounting of the valor of the Mongolia, and American optimism buoyantly proclaims that this vessel is but a type of the great fleet that has gone out into the seven seas to win back the mastery which the piratical submersible claims.

THE SOUTH'S SOLDIERS.

The soldiers of the South are bringing a new note of patriotism to the national capital. Having fought against the United States for four years they are now heart and soul for the success of the country. They come from a section where immigration has not yet diluted the pure strain of Americanism. They bring a message of purest patriotism to the nation's officials at Washington.

No nation ever had finer exemplars than the men of the South and the North in the war of the sixties. If we can but match their bravery and devotion in this war against imperial aggression we can sweep Kaiserism from the earth.

When Kaiser Bill hears the registration totals and then ponders the fact that only a very small part of the American man power was called to the booths, he will probably cancel that dinner date in Paris.

ARREST PAIR OF CLERGYMEN

Ministers Tried to See a Navy Yard on Passes Made Out to Others and Got Into Trouble.

Two clergymen received a rather severe lesson on the dangers of trying to see the Charlestown navy yard on passes not intended for their use, the Boston Transcript states. They were arrested, taken to the marine barracks and "detained," pending identification by friends.

The clergymen obtained passes which were made out in the names of two of their friends, and which were supposed to be nontransferable, like all passes issued at the yard. The visitors succeeded in gaining admittance and got as far as the deck on one of the battleships, which they were specially interested in viewing. As soon as they stepped on the deck they were challenged by the guard, who asked to see their passes and who obtained their names. When he had looked over the passes the guard called attention to the difference in the names given and those on the cards. On being questioned further the clergymen had to admit that the passes had not been made out for them, but had been borrowed.

They were promptly marched to the barracks, under order from Commander R. D. Hasbrouck, captain of the yard, and held for two hours until their friends arrived and identified them. After a severe lecture the clergymen were permitted to leave.

SECRET CIPHER ON MACHINE

Code Messages Can Be Produced on New Typewriter by Writing on Keyboard in Usual Way.

You can write secret cipher letters on a typewriter recently placed on the market. The machine makes its own cipher and offers more than a million combinations. To make a cipher, the message is written on the keyboard in the ordinary way.

The cipher is determined by a detachable plate or disk containing 30 holes in two concentric circles of 15 holes each. For each of these holes there is a pin, and to make a cipher combination these pins may be inserted in or left out of any of the holes, as fancy dictates. Then, in writing the copy, the machine may write an "x" for an "a" the first time it occurs, then a "p," and so on.

It is impossible to predetermine what code letter will appear in operating the machine. To decipher a code message the person receiving the communication must have a complementary disk, with pins properly arranged, and one of the machines to reproduce the message as originally written.

The World War a Year Ago Today—June 6.

Fort Vaux, within five miles of Verdun, completely occupied by the Germans, who attained a foothold on June 2. Within a week the German Hue advanced one mile. Fort Vaux had been isolated from its supports by furious bombardment. It was supposed to be the "key" to the French defenses at Verdun.

Two Years Ago Today.

Austro-German forces crossed the Danube, forty miles from Lemberg.

THOSE THAT HAVE-GET BY A.T. WESTON

JACK FROST PROVED POWER

Impressive Spectacle When Fifty Tons of Rock, Loosened by Cold, Fell a Thousand Feet.

Delicate frost tracings on the window-panes seem to be the work of fanciful and harmless sportiveness, but the hand that forms them is capable of greater deeds and other kinds.

An official of the geological survey, tells of an experience that must have been wonderfully impressive to the spectator. He had been spending some weeks in exploring the Yosemite Valley and the "great rocks," like "El Capitan," that wall it in.

Standing one day of late autumn about the middle of the valley, he was startled by a report like a cannon-shot, which filled the whole valley with echoes that roared and boomed, repeated and multiplied, in a long-continued, glorious tumult.

As the deafening sound died away 'n sullen mutterings under the vizz of El Capitan, the spectator was able to distinguish the point of attack by the long, clattering descent of a vast quantity of rock.

The night had been a cold one in the valley, and on the 7,000 and 8,000 foot levels of the upper rim the temperature must have dropped almost to zero.

Frost, working quietly with his Archimedean lever, had just succeeded in shifting from the shoulder of the Sentinel a trifle of 50 tons or so of granite. For near a thousand feet the boulder fell sheer, swift and silent; then, striking the cliff, it burst like a bomb, scattered into a myriad flying shards and splinters, and dislodged a smother of fragments that trickled down to the valley in a stream that lasted for minutes.

Then from the spot where the boulder had struck, dust began to rise into the sunny air, slowly building up like a summer cloud and every bit as snowy. It was the flour of granite, powdered instantaneously by the terrific shock.

REGISTERING THE CONVICTS.

"The men now detained at the county convict camp were duly registered," said Commissioner Robinson. "Sheriff Forman sent the registration blanks out to the camp and Superintendent Jackson saw that they were properly filled out. Then I brought them back to Decatur and turned them over to the sheriff."

WANTED TO BE CITED.

"I had to cite a man yesterday," said Mayor Payne. "The situation was an unusual one. Two gentlemen from the county drove up to my office, and one of them stated that the other was 26 years of age and refused to register. Evidently, knowing that I was mayor he thought that I had some authority over the registration. The man doing the talking asked me to explain the registration law, and after I had done so the other asked some questions as to the penalty that was provided for those who did not register. When I had explained the matter to him, he turned to his companion and said, 'drive on to the registration booth, I guess I'll register after all.'"

"Ye Shoppe of Progress"

\$31,000 LIBERTY BONDS HANDLED BY CITY NATIONAL BANK

INSTITUTION ITSELF TAKES \$10,000 WHILE DIRECTORS TAKE MOST OF BALANCE.

The City National Bank of Decatur decided at a monthly directors meeting yesterday afternoon to take \$10,000 of Liberty Loan bonds, while \$10,000 of the bonds were sold to R. P. McEntire, \$6,000 to J. T. Jones and \$5,000 to the New Morgan County Building & Loan Association by the bank.

The directors were urged to subscribe for the bonds by Col. C. C. Harris of Decatur and Jo L. Hutton of Memphis. Mr. Hutton declared that "our boys expect to go to the trenches of France and it is as little as we can do to subscribe for these bonds to pay their expenses."

The directors were enthusiastic over subscription for the bonds and the purchase was speedily decided upon.

The bank has disposed of more than \$30,000 of the Liberty Loan bonds, the largest part of which has been bought by directors of the bank and the bank itself.

Alleged Kidnappers of Rich Baby Keet Now Under Arrest

(International News Service.)
 Springfield, Mo., June 6.—With four persons under arrest today, Prosecutor Paul O'Day announced he had obtained signed confessions revealing a wholesale scheme of abductions.

It was allowed to become known that Taylor B. Adams, Mrs. Adams and their two sons are under arrest. It is hinted that Baby Lloyd Keet, stolen from the home of his father, a wealthy banker, might be returned before night.

During the absence of Mrs. Shelton from the city, social items should be telephoned to Mrs. W. A. Curry, Albany 172.

SOCIETY

Margaret Clinton Shelton, Phone 682, Albany

CLUB WOMEN TO SELL LIBERTY BONDS.

Atlanta, Ga., June 6.—(Special.)—Plans have been perfected for an immediate organization of the club women and women leaders in civic societies of all kinds throughout the sixth federal reserve district for the sale of Liberty Bonds.

Designated as general chairman for the movement among the women, Mrs. P. J. McGovern, prominent Atlanta club woman, has arranged by wire for the appointment of women's committees in practically every city in the district. Many favorable replies have already been received and in some cities within two days women's clubs have been organized and are at work.

DANCE FOR MISS NEWSHAM.

Miss Mary Grace Sanders' dance for Miss Newsam last evening was the event of the season. The elite of both towns were there, and to the strains of Green's orchestra, the dancers tipped the light fantastic until a late hour, when each departing guest expressed themselves as having spent a most delightful evening. Punch was served by Mesdames Cunningham and Curry in the sun parlor on a lace draped table made beautiful with garden baskets of aladifolus.

The Missionary society of the Central Baptist church had a most inspiring meeting Monday afternoon. Mrs. Sewell had charge of the meeting and the subject, "Sowing Beside All Waters," was well handled. The different circles made fine reports. Next Monday will be State Mission Day.

The D. A. R. will meet Thursday afternoon with Mrs. O. B. Cartwright at 3 o'clock.

Mrs. Harry Parker of Cullman, will be the week-end guest of Mr. and Mrs. D. C. Almon.

Miss Mable Drake leaves today for a ten days stay at Montgomery and Evergreen, visiting relatives.

Mrs. E. G. Cherry and daughter, Dorothy, returned today from Birmingham.

WOMAN'S LITERARY CLUB.

The Woman's Literary club had the last meeting of the year Tuesday afternoon at the home of Mrs. W. A. Rickles. After the usual business, the officers for the next year were installed, and are as follows:

President—Mrs. E. D. Bailey.
 First Vice President—Mrs. S. M. Thompson.

Second Vice President—Mrs. W. A. Rickles.

Recording Secretary—Mrs. Clyde Hendrix.

Corresponding Secretary—Mrs. D. D. McGehee.

Treasurer—Mrs. J. W. Cobb.
 Critic—Mrs. E. Sanders.

A paper by Mrs. E. D. Bailey, whose subject was Canada, was most interesting and instructive. Miss Marie Kimbrough delighted her audience with a reading, "The Highwayman," by Alfred Noyes, and a vocal selection, "The Cathedral Scene," from Faust. Those who have heard Miss Kimbrough are very enthusiastic over this most promising young lady who graduated in May with high honors from the Leland Powers School of Oratory in Boston, and the New England Conservatory of Music.

MOONLIGHT PICNIC.

Mr. and Mrs. C. T. Swartzell entertained a number of their friends last night with a moonlight picnic on the Somerville road. Japanese lanterns adorned the trees, shedding a soft light over the ground, where the young people made merry until the "spread" was announced, when all gathered around the table, where the hostess served. Games were then continued and all enjoyed the occasion.

The request for the Decatur Red Cross chapter has been granted. Watch the paper for a called meeting.

Mr. and Mrs. W. H. Todd were in Birmingham yesterday.

Miss Mildred Green has returned from a visit to relatives in Cullman.

Miss Bowman, of Pennsylvania, is the guest of Mrs. John D. Wyker.

Miss Theo Davis is attending the summer school at the state university.

Mrs. Louise Rumble is visiting her sister, Mrs. Geo. Allen.

Mrs. Wm. Sholl is suffering from malaria.

The Mizpath Chapter, No. 19, O. E. S., will have a special meeting tonight at Masonic hall. All members are urged to be present.

Mrs. Preuit Stinson is able to be out after several days of illness.

Mr. and Mrs. J. T. Van Arsdale are in Birmingham.

Miss Lucy Thomas Cowles, of Nashville, is the guest of her sister, Mrs. Hiram Roberts.

Mrs. Council Elliott leaves today for a visit to Birmingham.

The Ferry Street Rook club will meet with Mrs. Dyke Echols Friday afternoon at 3 o'clock.

Miss Mary Lee Skeggs is with friends in South Carolina.

Miss Tine Rebman, of Courtland, is the guest of Miss Ann Jones.

Mr. Fussells, who is with the Tennessee Valley Bank, has taken the Fred Knight home for the summer.

Miss Trixie Scheer will return this week from Florida, where she has had a most successful school year.

Saturday afternoon the Ladies Sewing Circle of Trinity will entertain with a linen shower for Miss Josephine Emens at the home of Mrs. Richard Neville.

Miss Brooxie Gibson will entertain the Girls' Card club Thursday morning at 9:30.

The friends of Mrs. Pearl Speake, of Fairview, are sorry to know of her illness.

Mrs. C. J. O'Brien is visiting in Birmingham and Montgomery.

Mrs. R. E. Hewlett, who has been very ill, is improving in health.

The month of June is the month of brides. Buy your wedding invitations and announcements from the Daily. Let us show you our line of fancy engraving.

PERSONALS

J. E. Blair attended the registration day celebration at Birmingham yesterday.

Solicitor D. C. Almon visited Birmingham yesterday.

United States Marshal Henry A. Skeggs attended the banquet to Gen. Leonard Wood in Birmingham yesterday.

City Clerk Henry Hartung chaperoned a party of young people on a fishing trip today.

J. L. Day and Dr. White were among a party of Hartselle business men here yesterday.

J. B. Patterson, of Lacon, was here today with returns from the registration in his precinct. Mr. Patterson reported that the registration proceeded quietly and that the total was larger than anticipated.

Captain McEwin will leave today for Birmingham for several days.

Captain and Mrs. Hal Halstead are to visit Birmingham tomorrow and motor back Saturday, with friends.

Powell Jones, of Huntsville, was in the city yesterday.

Felix Robertson was unfortunate in breaking his arm Monday.

Rhodes Harris, of Huntsville, is visiting his sister, Mrs. Floyd Taylor.

Hal Mullen is in Washington on business.

Dutch Mitwedie Is Back With the 'Y'

"Dutch" Mitwedie, who starred conspicuously last year at third for the Y. M. C. A., blew into town this morning amid a yelp of joy from the local camp. As soon as Mitwedie works out the kinks acquired while sojourning in the chilly wilds of Cleveland, O., he will in all probability be hurried into a breach of the Y. M. C. A.'s defense to sort of bolster up the efficiency of said line of defense.

Last year "Dutch" proved to be a dependable man in every department of play, his specialty being fence busting. Although an erratic fielder at times, he was fairly consistent, and his addition to the local line-up will work wonders toward another North Alabama championship.

Those first calling cards. Every prospective bride takes especial interest in her first calling cards after the "Mrs." is added. Supply your wants by ordering early from the Daily. Many styles and prices to select from.

Sturdiness

Repair cost of less than ¼ cent per mile.

Ninety-nine per cent efficient, on records of 11,000 owners.

Twenty thousand miles driven in four months

on Hupmobile United America Tour by stock car within minimum of repairs. First car to encircle the globe (1910-1911). Again encircled the globe (1912-1914).

The repair man is the Pathe of our business: He "Knows all; sees all." Go to him—wherever you find him—and ask him how the Hupmobiles in his neighborhood stand up.

He'll tell you that they are his poorest customers. But for gas and oil he wouldn't get a dollar a month out of any of them.

Get All the Sleep You Can.

A well-known physician says in the American Magazine: "To avoid over-eating and alcohol and the cigarette habit are matters of self-control. To get the sleep one needs (which means all that one can possibly soak into one's system within 24 hours) often takes courage—the courage to refuse invitations, to invite ridicule, to seem odd or 'Puritanic.' I believe that more minor illnesses are due to lack of sleep than to any other recognizable factor. A person catches cold, gets lumbago, is constipated or headache ridden because his vitality is below par, his physical expenditure beyond his physical income. Sleep would set him square with the world, but to get sleep means sacrificing the evening's fun. This he won't do, and so he runs in debt and is chronically edging toward a breakdown."

"Y" Team Playing Courtland This Aft.

Manager Ott Hames' contingent of Y. M. C. A. ball heavers have journeyed over to Courtland for a national pastime fracas this afternoon. The Courtland team has loomed up strongly and prominently on the baseball horizon this season, and although not of championship calibre as yet, Courtland clan is strong, and a more or less terrific onslaught is expected to ensue down that way before sunset.

HOUSE COMMITTEE INSPECTS JEFFERSON HOME

Monticello, the home of Thomas Jefferson, now owned by Jefferson Levy, former congressman from New York, was inspected by the house committee on public buildings and grounds with a view of recommending its purchase by the government.

Another Registration
Day To Be Named

(Continued from Page One.)
the 1910 census report as a basis it made approximate guesses as to the increases in population since the census was taken. A slight lapse of memory is attributed to many. Some not quite of age said they were 21. Others over 30 said they were still in their twenties. Military officers say men who lie about their age in order to register are not liars—they are patriots. They will be told that the government thanks them, but will not require their services. They will not be subject to draft nor will they be punished.

The indications are today that the enrollment in Illinois will exceed 650,000. In Nebraska the estimates place the number at 129,958. Oklahoma's count shows 250,000. Iowa went 8,000 over its quota of 212,000 and so on. With one precinct out of more than 2,000 missing and one incomplete, Chicago's enrollment was 308,041. Two men and one woman were known to have been arrested in Chicago as registration obstructors.

Reports from California gave the state 365,000. Minnesota reported 260,000; Wisconsin, 230,000; Nevada, 12,500; Oregon, 115,000, and Texas 430,000.

IN MISSISSIPPI.

(International News Service.)
Meridian, Miss., June 6.—Incomplete returns indicate that more than 200,000 registered in this state Tuesday.

IN DEAR OLD GEORGIA.

(International News Service.)
Atlanta, Ga., June 6.—Atlanta and Georgia exceeded expectations in the registration Tuesday.

In the state approximately 250,000 registered. There was not a single case of disorder in the entire southeastern district, composed of North Carolina, South Carolina, Georgia, Florida and Tennessee.

IN INDIANA.

(International News Service.)
Indianapolis, June 6.—Fully 250,000 Hoosiers signed the registration cards yesterday. In some of the rural districts reports indicated that there was not a full registration.

IN WISCONSIN.

(International News Service.)
Milwaukee, June 6.—Wisconsin exceeded the quota of 230,000 men allotted by the government.

TEXAS DELIVERS.

(International News Service.)
Austin, Texas, June 6.—Returns indicate that the registration has exceeded the federal estimate of 425,320 by at least 5,000.

C. T. HARDEMAN JR.
REACHES ENGLAND

LOCAL BOY NOW ON HIS WAY TO FRANCE, REPORTS SAFE TRIP.

C. T. Hardeman, who sailed some weeks ago for the battle front in France as a member of the hospital corps, writing his parents here, Mr. and Mrs. Chas. T. Hardeman, under date of May 18, announces that he has reached England.

The letter follows:
"Am safe across the Atlantic. Voyage was a pleasant one. Will write as often as I can. Am sorry can't write more on account of censorship."

"Lots of love to all."
"C. T. Hardeman, Sgt. Med. Dept. U. S. Army. Base hospital No. 4, London, England."

Hawaii Fire Goddess
Predicts U. S. Victory

(International News Service.)
San Francisco, June 6.—Pele, the fire goddess of Hawaii, is enraged and natives see in that fact the defeat of the Germans, according to passengers arriving in a California port from Honolulu.

The natives' legend is that whenever Kilauea volcano erupts the fire goddess is angry and is hurling death and destruction upon the enemies of the islands. And as Hawaii is proudly American and America's enemies are the enemies of the picturesque Kanakas, they see in the present eruption more trouble for the Teuton hosts.

TIT FOR TAT

"I never saw ye till th' day before me unforchint marriage!"
"An' I often wisht ye hadn't seen me till th' day after!"

Masculine Strength, Not Feminine Weakness, Should Govern Nation

By HENRY A. WISE WOOD, Author and Inventor

THIS has suddenly become a masculine age. It calls for the uttermost assertion of the martial instincts of mankind. To be strong is to prevail, to be weak is to invite defeat, to suffer national disaster, the woman with the man.

THE NATION THAT IN THIS EMERGENCY PERMITS WOMEN TO USURP THE GOVERNMENTAL FUNCTIONS OF MEN WILL RUE THE DAY THAT IT EXCHANGED MASCULINE STRENGTH FOR FEMININE WEAKNESS.

The determined stand that the suffrage leaders, one and all, have taken to defeat our preparations for defense and to compel us to accept, in the guise of peace, degradation at the hands of Germany is an augury of where we as a nation will end if the political power which these leaders are trying to grasp is finally put into their hands.

For these weighty and fundamental reasons I am unalterably opposed to woman suffrage, although but three years ago I was its hearty advocate. These three years have taught me that a nation's freedom is to be safeguarded not by the display of gentleness or love or mercy, but solely by a nation's ability to crush with brute force whoever unjustly assails it. TO CREATE, DIRECT AND DELIVER BRUTE FORCE IS A MAN'S, NOT A WOMAN'S, JOB.

Men, I am convinced that our first duty is to remasculinize America, and that to this end we in this state (New York) must stand as a wall against the wave of effeminacy which now threatens the semi-emasculation of our electorate.
